MTV-1/010 Controller 0..10V+

power supply 230VAV, Output: 0..10V, Wall mounted
Variant: 230V

Speed controller with 0-10V output
- Combined flush or surface mounting
For the manual control of speed and air flow of electrical fans with 0-10V input.
The jetproof IP 54 enclosure is achieved with the included surface mounting
case. (Flush-mounting without the surface mounting case,gives a splash proof
IP 44 enclosure also suitable for highly demand environments as bathrooms
etc).

Technical parameters

Nominal data		
Voltage (nominal)	230	V

Protection/Classification	
Enclosure class	IP44

Controller and Sensors		
Current output 0-10V, Imax	8	mA

Dimensions and weights		
Weight	0.2	kg

Others	
Color name, casing	White

Dimension

Wiring

1	2		+ 4	- 5

IN
220 Vac

OUT
0-10 Vdc
